Emo bands are bands that express emotions or feelings through their music, they are not people who sit around crying and slitting wrists like a lot of narrow minded people think. Emo music is often mistaken for pop-rock bands and sometimes even Kerrang get it wrong..

ko ckp aku tak tau band emo ada kat Msia ni, Penah dgr the Broken Bone, Moniker, ataupun yg terfeymes Disagree and 28 Days. tu pun tak digelar band emo walaupun diorang influence mmg emo cam Weezer, Texas is a Reason, Sunny Day Real Estate!

p.s : silap orgla bro, emo maner le support mtv lainle ko nak wannabe cam MCR!,BETTER FUCK OFF ngan mtv tu!!:angry:

-Minor Threat

-Emanuel

-The get Up Kids

-Taking back Sunday

-The Movieline

-The Starting Line

dan skrang masih layan FOB/Juliana Theory heh..heh

Bawah langit

Butterfingers- mana korang ni

Subculture-Kaset diorang ni masih aku simpan dan layan..

Daffolds-ini satu grunge dah "hilang"

love as arson- "FFAF Msia"

Dan Hujan/meet Uncle Husin/Suka No.23 still da best band eva!

indie aku tgh suka The Kooks.. The Wombats..
Muse.. Until June, Thirteen senses,

emo mungkin madina lake dengan Saosin.. bagak gak attacking gitar depa..

Sick Puppies pun macam okay jugak.. dr Australia..

rock apa lagi dr 90s la.. Foo Fighters.. dan terdahulu lagi yg otai- Nirvana, Guns N Roses dan Extreme (yg ada gitaris absurd bernama Nuno Bettencourt..)

Kalau The Smashing Pumpkins da agak merepek.. The Silversun Pickups da ada tapi suara dia off sikit wahaha..
